PGDAY MÉXICO 2026

PgDay México 2026 is an event focused on celebrating, learning, sharing, and promoting everything related to PostgreSQL—the open-source technology that powers the world. This is the second edition of the event in Mexico.

PgDay México is organized by and for the entire PostgreSQL community, making it the perfect place for those looking to grow professionally, discover best practices, and contribute to the development of this technology.

The event will feature conferences, discussion forums, a sponsor area, networking opportunities, as well as food and beverages to enjoy a truly unique day.
